

KAZI OMER | web.kaziomer.com

Dubai, UAE | +971 54 149 1702 | kaziomersdf@gmail.com | https://www.linkedin.com/in/kazi-omer/

PROFESSIONAL SUMMARY

Full-Stack Web Developer with hands-on experience building web applications, developing RESTful APIs, managing databases, and implementing secure authentication systems. Skilled in React.js, JavaScript, Node.js, Express.js, PostgreSQL, and MongoDB, with experience in WordPress development, CMS administration, ERP systems, and website management. Familiar with cloud services such as AWS S3 and AWS SES, API integrations, application deployment, and responsive web development. Experienced in using AI-assisted development tools to build applications, automate workflows, and improve business processes. Combines technical development skills with a strong foundation in IT infrastructure, cybersecurity, and digital solutions.

PROFESSIONAL WORK EXPERIENCE

OSKION - Hyd, India | *Web Developer | February 2026 - September 2026* : link

- Developed 10+ responsive UI pages for a leading Governance, Risk & Compliance (GRC) SaaS platform using React.js and Next.js.
- Translated Figma designs and interactive prototypes into functional, reusable React components.
- Built responsive layouts and consistent UI components using Tailwind CSS.
- Integrated REST APIs to connect frontend interfaces with backend services and dynamic application data.
- Implemented dashboard interfaces, data visualisations, forms, and interactive user workflows.
- Integrated PostHog and Google Analytics 4 for user behaviour tracking and product analytics.
- Used Sentry and LogRocket for frontend error monitoring, session replay, and debugging.
- Leveraged TanStack Query for API data fetching, caching, and server-state management.

BLDAR.ORG - Riyadh, KSA (remote) | *Web Development : bldar.org | January 2025 - Jan 2026*

- Developed end to end web application for architectural product e-commerce
- Created and tested 50+ CRUD APIs using express and postman
- Used postgres, aws s3 & aws ses for storing data, images and triggering authentication emails
- Developed a cookie-based authentication system along with oAuth (google)
- Leveraged Claude Code, AI agents to fasten development process
- Designed complete user flows and ux scenarios

TECHNICAL SKILLS

- **Frontend Development:** React.js, JavaScript (ES6+), HTML5, CSS3, Responsive Web Design, UI Development, Component-Based Architecture.
- **Backend Development:** Node.js, Express.js, RESTful APIs, CRUD Operations, Authentication, Authorization, OAuth 2.0, Cookie-Based Authentication.
- **Databases & Data Management:** PostgreSQL, MongoDB, Database Design, SQL, CRUD Operations, Data Modelling.
- **Cloud & Deployment:** AWS S3, AWS SES, Cloudflare Pages, Domain Management, Hosting, Application Deployment.
- **AI Development & Automation:** Claude Code, Lovable, AI-Assisted Development, AI Agents, API Integrations, Workflow Automation.
- **CMS & Website Management:** WordPress, Elementor, CMS Administration, Website Maintenance, Technical SEO, Website Optimization, SSL Configuration.
- **Development Tools:** Git, GitHub, Postman, VS Code, REST API Testing.
- **IT Infrastructure & Security:** Windows Administration, TCP/IP, DNS, DHCP, Active Directory, Microsoft 365, Endpoint Security, VPNs.

EDUCATION

OSMANIA UNIVERSITY - Hyderabad, India

Bachelor of Engineering in Computer Science (GPA: 8.13 / 10.0)

GCC PROJECTS EXECUTED

GLOBAL TALENT RESOURCES | *Project Link*

- Developed responsive website pages showcasing company services and international recruitment operations.
- Structured service pages for GCC Recruitment, Overseas Recruitment, and Visit Visa Services.
- Created employer enquiry and candidate contact journeys to support lead generation.
- Implemented responsive layouts, website navigation, and clear calls to action.
- Optimised website content structure, usability, and mobile responsiveness.

KAZIOMER.COM -Self Hosted, Portfolio : *web.kaziomer.com (own domain)*

- Built custom purchased domain website to showcase my projects, experience and create online presence
- Added google analytics to analyse website traffic and capture important impressions
- Used cloudflare pages to deploy the website efficiently and manage the domain end to end

CERTIFICATIONS & TRAININGS

- ISC2 Certified in Cybersecurity (CC) - ISC2 (Credential ID: 2664231)
- Microsoft Azure AI Fundamentals (AI-900) - Microsoft (Credential ID: 7BDD04EE0A82FFF8)
- Cisco Networking Fundamentals - Cisco Systems
- AI Security & Governance - Professional Certification
- CompTIA Security+ - CompTIA (Training)
- Microsoft Security Operations Analyst - SC200 (Training)
